

Did you know?

- Used oil from one oil change can contaminate 1 million gallons of fresh water - a year's supply for 50 people!
- The average American home can have as much as 100 pounds of environmentally harmful products in the basement, garage and storage closets.
- The average American household generates about 20 pounds of household hazardous waste each year. For the City of Carmel that adds up to 270 tons of hazardous material that can find its way to our rivers, streams and groundwater supply if not disposed of properly.

Where can I drop off my household hazardous waste?

**CITY OF CARMEL | HOUSEHOLD HAZARDOUS
WASTE AND RECYCLING COLLECTION SITE**

CITY OF CARMEL | HOUSEHOLD HAZARDOUS WASTE AND RECYCLING COLLECTION SITE

901 N. RANGELINE ROAD
CARMEL, INDIANA 46032
317-571-2624

How to Bring Materials to our Collection Site:

- Do not mix materials.
- Bring all materials in the original container if possible.
- If not in original labeled container, please label container used.
- Tighten lids on all containers.
- If containers are leaking, pack in larger leak-proof containers.
- **Do not leave household waste outside the gate when collection site is closed.**
- **Drop-off privileges for City of Carmel residents only. Photo ID will be required.**
